## Every Member in Ministry Conference With Frazer United Methodist Church January 18 & 19, 2008

An invitation from John Ed Mathison  
“People who are involving themselves in ministries that are meaningful are the most contagious witnesses for our Lord and His church.”

Statistics show that in most churches 20% of the people do 80% of the ministry. That is poor stewardship of resources. What would happen if 80% of a church's membership were involved in meaningful ministry? At Frazer, 90% of resident members have volunteered for specific ministries in 2007.

I would like to invite you to attend the Every Member In Ministry Conference to be held at First United Methodist Church in Shreveport, Louisiana, January 18 & 19, 2008. This conference is the first of its kind—a satellite ministry of Frazer in collaboration with Centenary College and its co-host, First United Methodist Church of Shreveport. I believe that the churches that will be most effective in this millennium will be churches who help members discover their spiritual gifts, train and equip them to utilize those gifts in specific ministries, and turn them loose to do their ministry.

The conference is designed intentionally to be very practical. People who are involving themselves in ministries that are meaningful are the most contagious witnesses for our Lord and His church.

I invite you to join us for a conference designed to help us empower laity for ministry.
