## Loans

**Federal Stafford Loan** This low-interest loan from the federal government does not have to be repaid until six months after the student graduates or drops below half-time enrollment status. For loans borrowed after July 1, 2006, the interest rate is fixed at 6.8%. With the subsidized loan, the interest is paid by the Department of Education while the student is in school and during the six-month grace period. With the unsubsidized loan, the student is responsible for paying the interest on the loan while in school and during the six-month grace period. The student may choose to pay the interest as it accrues, or wait until graduation, at which time it will be added to the loan principal. Students are allowed to borrow up to \$3,500 for the first year of college.

**Parent Loan** Parents may finance up to the full cost of their dependent's education each academic year, minus grants and other financial aid the student receives. Although parents do not have to prove financial need, credit checks are mandatory. Repayment of these loans usually begins 60 days after disbursement.

Those students awarded a Stafford Loan will be sent a loan application packet. If you are interested in a Stafford Loan, and it was not part of your financial aid package, please contact the Office of Financial Aid. Information regarding the Parent Loan will be sent to all admitted applicants. If you have any questions regarding financial aid, please do not hesitate to contact our office. We would also be happy to discuss your questions in person, if you would prefer. Please call the Office of Financial Aid at 318.869.5137 or email [finaid@centenary.edu](mailto:finaid@centenary.edu) to schedule an appointment.
