

## FINAL EXAMINATION SCHEDULE FALL 2009

To interpret this schedule, locate the time a class meets in the fall by noting either its code in the far left column or the time it begins (in parentheses). Monday/ Wednesday/Friday courses begin with a code of "M." Tuesday/Thursday courses begin with a code "T." To the right of each coded class is the time that class' final exam is scheduled. Example: a class that meets at M4 (i.e., it begins 11:00am on Monday/Wednesday/Friday) has a final exam scheduled from 8:00 to 11:00am on Dec. 17.

Students with more than two final exams scheduled on the same day may ask one of their teachers to reschedule. If they are unsuccessful in this effort, they may seek aid from the Provost. Students who must reschedule a final exam for any other reasons must receive prior permission from the Provost before they reschedule. Regardless, permission to reschedule must be sought before Preparation Week begins (i.e., by December 4, 2009).

For a class that meets during a non-designated time period, students and professors understand that the final exam is to be administered during the designated time that most closely fits the unique class time. Example: if a class meets from 2:00 to 5:00 on Thursday rather than at T4 (2:00 to 3:15 on Tuesday/ Thursday), the final exam must be given when T4 students are tested, which is 4:00 to 7:00pm on Dec. 15.

Please note that final exams for masters students are scheduled at times approximating the day and time of the week that the corresponding class meets during the semester.
