Masters Courses and occasional Undergraduate courses meet in the evenings at the following times:

M	5:00 - 8:00 PM
T	5:00 - 8:00 PM
W	5:00 - 8:00 PM
R	5:00 - 8:00 PM

Certain courses due to their unique nature can meet during unique time periods (eg., choir, varsity sports, art studios, dance classes, foreign language labs, etc.). These unique times begin or end coincidental with designated time period beginnings or endings, but these classes do not normally meet for the same length of time as do the other courses that begin or end at the same time. Thus, Choir may start at M5 (12:00 M,W,F) but dismiss at 12:30 instead of 12:50 each day. Art Studio may start at T5 (3:30 T,R) but extend through T6 on both days. Spanish lab may end when T2 ends (11:00 T,R), but start at 10:00 rather than 9:45. The key to the unique time is the amount of contact minutes each week the class is approved to meet relative to the number of credit hours that course carries.
