## Addendum to 2020-2021 Catalogue

As voted and approved by the Centenary Faculty at the April 18, 2022 faculty meeting, students are not required to satisfy the Learn-Apply-Bridge degree requirement on page 34:

### C. Learn • Apply • Bridge (L•A•B)

Acquiring skills and knowledge happens best through spaced repetition of practice. The Learn • Apply • Bridge portion of the Core Curriculum reinforces the ongoing process of acquiring knowledge in multiple disciplines, putting that knowledge to use in new contexts or situations, and communicating ideas to varied audiences through a variety of forms. **To reinforce and help students will successfully complete at least three Learn • Apply • Bridge courses (12 hours), in addition to Trek 115 and 116.** This requirement may be met through approved courses in Core, the major and minor, or electives.
