

Magnolia Prep Job Posting

Hi! I'm John Burford, the owner of Magnolia Prep. I'm the owner of Magnolia Prep. We do private tutoring and group courses for the ACT and SAT in Louisiana, Kentucky, and Florida. I started it in 2012, after I graduated from Princeton.

I'm hiring more ACT/SAT tutors for our Shreveport-Bossier branch. The job involves 1-on-1 tutoring, teaching group classes, proctoring exams, checking in with me, and talking to current and potential clients. It pays \$30 per hour of tutoring/teaching and \$50 for each proctored exam.

If you haven't tutored for the ACT/SAT before, don't worry. I'll provide you with lesson plans and homework plans, and I'll show you how we do things. Most of our tutors have never tutored for the ACT/SAT before, and they get great results.

Here are the requirements:

1. 32 composite ACT or higher; 1420 new SAT or higher; 2100 old SAT or higher. It's okay if you have only the ACT score, only the SAT score, etc.
2. A car.
3. Be able to pass a background check.

Here's why our tutors like working for Magnolia Prep:

1. **Great pay (\$30 per hour).**
2. **Flexible hours.** If you don't want to work certain days of the week, or will be out of town 1 week, that's fine. It's also easy to work more or less based on how many students you choose to take on.
3. **High-quality service and high-quality people.** Our service has concrete, high-quality results. Our clients are nice and hard-working. Tutoring is enjoyable. Our other tutors are smart and dedicated, and you can ask them for advice. You get to work directly with me, the owner and founder.
4. **Opportunity for impact and growth.** The fruits of your labor are easy to see, since you're tutoring specific students whose scores will improve by specific amounts. I also regularly ask my tutors to come with me to meet with counselors, to provide feedback on how to improve our results or make the business more efficient, or to sit in when I interview new potential tutors and give their opinion. So this job is also great if you're

interested in designing curricula (I wrote our textbooks), sales, entrepreneurship, interviewing, etc.
