

# Student Employment

**Student Employment is a great way to help defray college expenses.**

The Student Employment program at Centenary College of Louisiana provides part-time employment averaging 10-12 hours per week for students to use towards their student balance or to help pay for incidental expenses during the year. There are two programs as described below:

- **Federal Work-Study:** This is a need-based federally subsidized program. Students must demonstrate financial need to be awarded this form of assistance.
  - New incoming students who are eligible and indicate an interest in this program on their FAFSA are awarded. *Please direct all questions regarding this program to the Financial Aid Office located in Hamilton Hall room 132 or phone at 318-869-5137.*
  - A work-study-related award does not guarantee an on-campus job.
  - The standard award is \$2,000-\$2,500/year.
  - Work-Study Employment is defined as financial aid—your earnings are considered part of your overall financial aid package.
  - Students are paid on a monthly basis for hours worked during the prior month.
  - Student cannot begin work until the work contract has been returned to the Financial Aid Office with all required signatures.
  
- **On-Campus Work Program:** Centenary provides funding for students that are not eligible for Federal Work-Study. These positions are usually for students with specific knowledge and

skills, i.e. IT, Life Guard, Admissions, etc. This funding is very limited.

- Students are paid on a bi-weekly basis for hours worked during the prior weeks.
- **International Students:**
  - Federal immigration regulations limit employment for F-1 and J-1 students: the kind of employment, the number of hours per week, and the periods of employment. You should verify that you have authorization before beginning any form of employment.
  - International students who cannot qualify for Federal Work Study (which may exclude them from Work Study ONLY positions), but are eligible for on-campus student employment.

### **If you do not have a Social Security Number**

All employees of Centenary College **must** have a valid Social Security number for tax purposes. International students may begin working and be paid while their application for a Social Security number is being processed. You have 30 days after you start working to secure an appointment. Once you receive your Social Security Card in the mail, you must bring it to the Office of Human Resources at your earliest convenience. If you do not apply or provide the SSN card in a timely manner, your student employment may be terminated

To obtain a Social Security card, you will need to contact the [Social Security Administration \(SSA\)](#) to apply for a Social Security Number. Please use the [Social Security Office Locator](#) to determine the most convenient SSA office location.

The SSA will issue you an official receipt confirming the application for a SSN. Your SSN card generally arrives in the mail within a few weeks and must be presented to Human Resources as soon as it arrives.

- Subject to tax laws and other employment regulations.
- Actual earnings are contingent upon your job placement and hours worked; earnings do not credit to a student's account/balance due.

### **Hours Per Week Limits:**

- Work hours are specified on the work contract. A student may catch up on their hours missed by working more, but not more than 20 hours per week while school is in session.
- The 20-hour/week limit applies to the total number of hours worked in a single workweek among all on-campus positions.

### **Your on-campus employment eligibility ends:**

- The ending date of employment is stated on your work contract or at the end of the academic year. It expires on the last day of the semester (per the college calendar), even if you are an international student with an I-20 expiration date in the future.
- For international students - If you transfer to another university; your work authorization expires on the day of your SEVIS record release date or If you violate your F-1 status.
