About Tubreaux

Tubreaux Aviation Services (TOO-BRO) is made up of a team of pilots, instructors, ground personnel, and managers who train over 40 new pilots per year, manage and operate a fleet of aircraft, and provide premiere aviation services. Tubreaux Aviation Maintenance has a team of technicians with diverse experience in pistons, turbines, and helicopters. Our facilities occupy almost 25,000 square feet of hangar space on the northeast side of DTN and we are still growing. Our FBO location on the field provides a professional and luxurious atmosphere for all of your service needs. At Tubreaux, our goal has always been to provide access to high quality aviation services, thereby allowing us to share our love of airplanes and the magic of flight with as many people as possible.
